1 ABSTRACT

In this paper I am going to compare two confidential cloud services, the Confidential Consortium Framework (CCF) [?] and Nimble [?]. They both provide

2 INTRODUCTION

A Confidential Clod Service is an additional service that can be applied on top of an existing cloud provider.

3 CCF

4 NIMBLE

5 COMPARISON
5.1 Rollback Attacks
5.2 Reconfiguration
5.3 Desaster
5.4 Usecase

6 CONCLUSION
